### About US

Located in the Tampa Bay area,

Pelican Int'l has become one of the most recognized providers of kitchen and bathroom products in the state of Florida, and one of the fastest growing distributors in North America.

Solstone Surfaces is an exclusive division of Pelican Int'l, specializing in providing top quality quartz and flooring. Solstone operates with the same principles and standards as Pelican.

Our exceptional quality, integrity, and service provide our clients a comfort level not often found in the kitchen and bath industry. At Pelican Int'I/Solstone, we pride ourselves on customer satisfaction and the professionalism to fulfill our clients' needs.

Our companies are based on three fundamental principles:

- >>> Deliver the highest quality products at unprecedented prices
- >>> Establish and maintain unparalleled customer service
- >>> Make a commitment to innovation and trend-setting style

# PWE DO IT Differently #

From our overseas factory to our frontline sales team, we work as one fluid organization to ensure we provide our customers with high level products and service.

#### **OUR OVERSEAS FACTORY**

It all starts with our overseas factory. We are heavily involved in the production process, ensuring each product is crafted with our specific standards in mind.

#### **OUR FLORIDA WAREHOUSE**

Once products arrive at our warehouse, our warehouse team carefully inspects each item to confirm the quality is as expected.

Once an item is ready to go to a customer, it is thoroughly inspected a second time.

#### **OUR SALES REPRESENTATIVES**

Our frontline sales representatives work tirelessly to guide our customers through the purchasing process, from dimensions to delivery and beyond.

#### **OUR CLAIMS DEPARTMENT**

Unlike many other companies where claims can take months, we have our own claims department that handles any issues directly with the customer in a matter of days. We stock replacement parts in-house so we are able to remedy issues quickly.

#### **OUR DELIVERY VEHICLES**

We even take it a step further by offering local delivery. This is just another way we protect the quality and integrity of our products.

# What's New

### WORKSTATION SINKS

Workstation sinks combine traditionally separate areas of your kitchen and consolidates them in one place. Best of all, all accessories are included!

PAGE 46

### Obsidian Series

### GUNMETAL BLACK STAINLESS SINKS

Our Gunmetal sinks will set an exciting, classy, and attractive accent to your kitchen. It is no surprise why black is a favorite of designers and creatives alike.

PAGE 39

### Sandbar Series PORCELAIN SINKS

Our newest series of porcelain sinks are crafted with a more defined, modern look.

PAGE 50

### **ADA COMPLIANT SINKS**

We've added even more options to our ADA compliant sink collection. We believe there should be a wide variety of options for those with limited mobility.

PAGE 66

### SPC FLOORING 12MIL & 20MIL

Our Woodland Collection flooring features four new, ontrend colors that will elevate any space. Best of all, we are offering these colors in 12mil and 20mil!

**PAGE 103** 

#### **NEW FAUCET COLORS**

We've expanded our range of offered colors to include brushed gold and matte black, giving clients even more options when designing their space.

PAGE 77

### **NEW QUARTZ COLORS**

Upgrade your design game with our recently released quartz colors.

PAGE 86

### Crystallite Series CERMANY

### GRANITE COMPOSITE SINKS

THE COMPOSITE SINK FOR BEGINNERS AND TRENDSETTERS ALIKE

Our Crystallite Series granite composite sinks are the original and leading benchmark for granite sinks worldwide. Crystallite Series sinks are designed, tested, and manufactured exclusively in Germany with the most innovative materials and advanced technology.

# COLOR

HEAT RESISTANT Heat resistant up to 350 F

IMPACT RESISTANT Tough material withstands impacts

STAIN / FADE RESISTANT Resistant to color fading and staining

No lingering surface smells

### YOUR LIFE

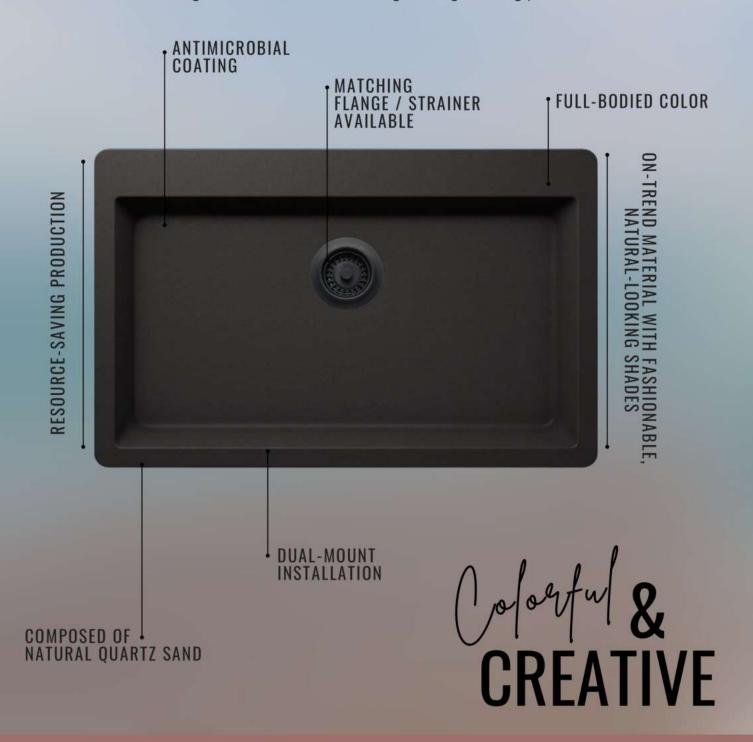

The Crystallite Series sinks come in 7 colors and are our best sellers. They are setting new trends in the contemporary kitchenscape with many fashionable shades of color.

# GRANITE COMPOSITE SINKS

CRYSTALLITE KITCHEN SINKS - THE STUFF DREAMS ARE MADE OF

The slightly rough, stony finish of our Granite Composite sink is hard-wearing and easy to clean, making it the embodiment of long-lasting cooking pleasure.

### STAINLESS STEEL SINKS

Our various series of stainless steel sinks come in a range of styles, each offering something specific for your needs. All Pelican sinks come with a Limited Lifetime Warranty. Find the perfect sink for you in the following pages and discover why so many choose Pelican stainless steel sinks.

#### SATIN BRUSHED FINISH

Provides a glistening look and helps conceal any scratches or scuffs

### SOUND DEADENING COATING

Adds an additional layer of sound absorption and a secure barrier to prevent condensation. It also helps maintain the temperature of water when the sink is filled.

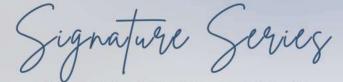

### ROUNDED CORNERS Promotes easy cleaning

#### SOUND DEADENING PADS

Installed during the production process and strategically placed around the sides and bottom of the sink to reduce noise

### STAINLESS STEEL SINKS

Our Signature Series Sinks include classic options for any space. With multiple styles and thicknesses, these bar and kitchen sink options are sure to withstand the test of time.

### UNDERMOUNT

Undermount refers to the sink sitting below the countertop. Many prefer undermount for its clean, seamless look. The sink is clamped to material from below the counter and a sealant is used between the sink and countertop to create a tight, water resistant seal.

### **TOPMOUNT**

Top mount sinks are easier to install and work with the majority of counters. A custom hole is cut into the countertop and the sink suspends from the rims. Underneath, the sink is clamped into place to ensure sturdiness and a tight seal.

### GAUGE

Our sinks are available in two gauges, 16G & 18G. The smaller the gauge number, the thicker the steel.

### STAINLESS STEEL SINKS

Our Urban Series sinks are crafted with deep bowls and tightly rounded 20° radius corners, giving you that sharp handmade look without the handmade cost.

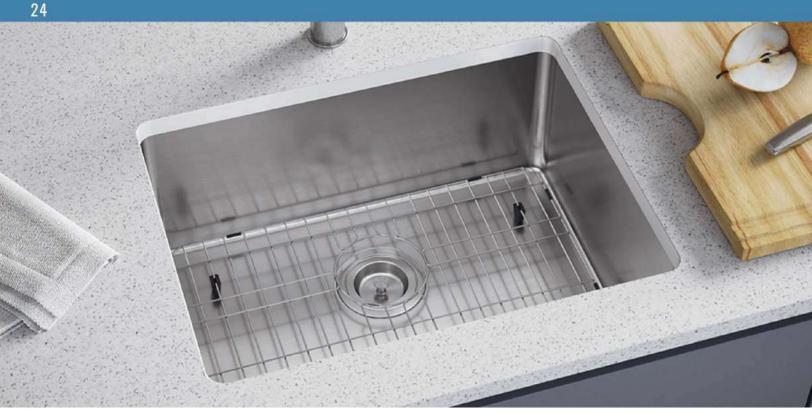

### RADIUS

The radius of the sink is measured on the inside of the sink, referring to the angle of the corners. The lower the radius, the sharper the corners.

## Fountain Series

# KITCHEN FAUCETS

The kitchen is the heart of the home, and the faucet is the centerpiece. We offer a variety of styles and finishes that compliment any space. Pelican faucets are comprised of premium metal construction and a flawless finish that resists tarnishing and corrosion.

The lead-free, solid brass body and certified ceramic cartridges promote our faucets to exceed industry longevity standards.

CERTIFIED CERAMIC CARTRIDGES

**PRESSURE** TESTED

APPROVED

Our faucets are UPC, NSF, EPA, CEC, and ASME certified and meet applicable US Federal and State material regulations.

# SOLSTONE Innovation By Design QUARTZ

Quartz is among the most preferred countertop materials globally for residential and commercial spaces alike. The smooth, nonporous surface is resistant to bacterial and fungal growth. Quartz is a low-maintenance surface that requires no sealing or polishing to keep its beauty. In fact, the durability of quartz is hard to beat. Our design specialists review hundreds of styles and carefully select options based on the ever-changing style trends.

### **BOOKMATCHING**

Bookmatching refers to placing two slabs side by side, with one mirroring the other. This gives a continuous flow and elevates the style of each slab.

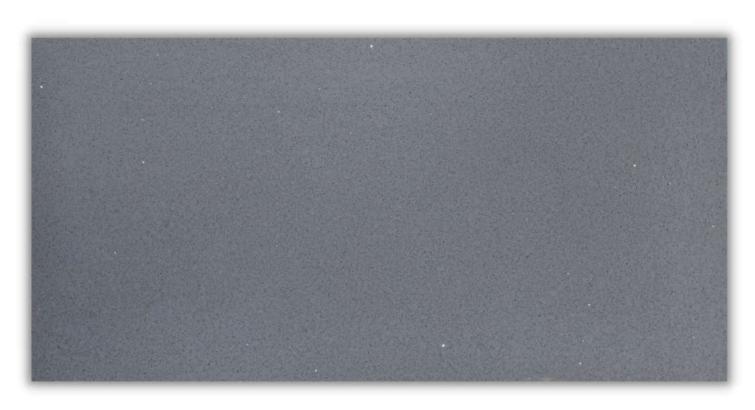

Select styles are available for bookmatching

Make a statement in your space with Bedrock quartz. The specks within reflect light, creating a slight glisten that accentuates the lighter tones of this stone grey. The intricate details add texture and depth, making it a great option for any room.

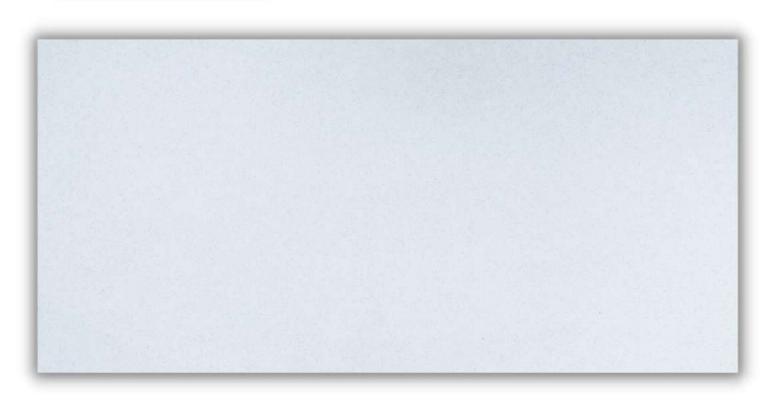

The striking beauty of our Icelandic quartz speaks for itself. Its overall cool tone brightens your space, while the intricate crystals and specks give a subtle sparkle when reflecting light.

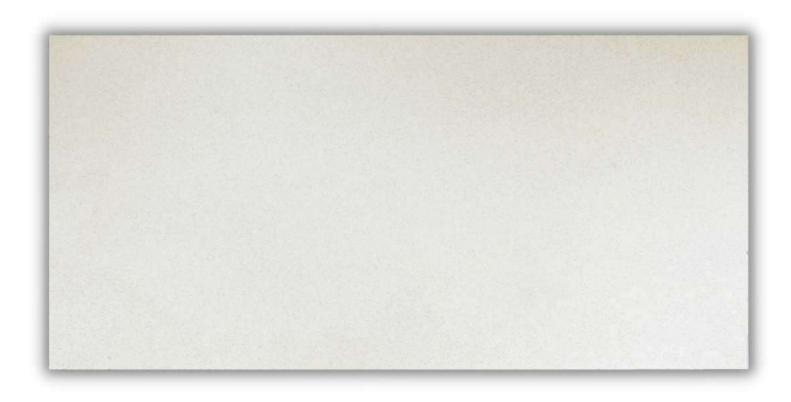

Our Fossil quartz gives an off-white look while adding an effortless design aspect to your counters through its speckled pattern. The neutral colors match well with various appliances and decor styles.

Add dimension and depth to your space with our Siesta Key quartz. The warm tones paired with intricate speckles add depth and reflect colors, making it perfect for matching with your design and appliances.

Our Pure White countertops are universally loved for their clean, timeless aesthetic. The white has the ability to reflect natural light, which brightens the area and gives a more spacious look.

Riviera features a soothing white background complemented by soft, light grey veining. For those that love the artistic touch of traditional veining without the intensity, Riviera is the perfect slab for you.

### AVAILABLE FOR BOOKMATCHING

Bookmatching refers to placing two slabs side by side, with one mirroring the other. This gives a continuous flow and elevates the style of each slab.

Aurora's soft veining playfully cascades throughout. The unique feathered grey and soft white compliment a variety of decor styles, making it perfect for any space.

Raiden's striking appearance makes a captivating statement. The off-white background with sharp grey accenting is truly unique. The versatile colors make it easy to incorporate into various home designs while making a bold statement.

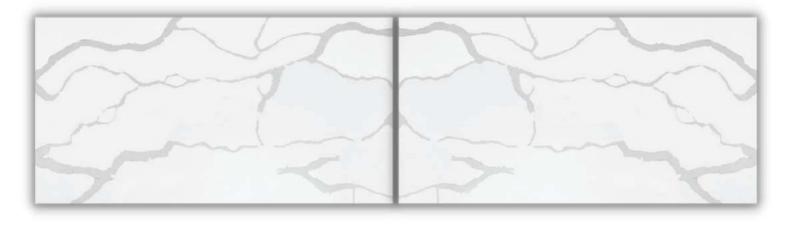

The smooth white and grey veining of Calacatta Terremotto gives off a high-end look that is perfect for bookmatching, thus creating a unique focal point for your kitchen.

#### AVAILABLE FOR BOOKMATCHING

Bookmatching refers to placing two slabs side by side, with one mirroring the other. This gives a continuous flow and elevates the style of each slab.

A fan favorite is our Calacatta Super, which features a beautiful white background and unique veining. The combination of dark and light grey gives a deeper sense of dimension and adds character.

Calacatta Oro has a soft white background and features distinctive grey veining with a touch of gold. It is perfect for adding a statement piece to your space while still maintaining a soft, muted look.

Giotto is an excellent option if you prefer a more gentle veining. The grey veining gracefully stems throughout the white background, adding depth and dimension.

Full Moon features a smooth white background and gentle touches of grey. The overall style of this slab will truly have you feeling like you are looking up at a full moon.

The look of Grey Mist mimics a modern concrete style. The small dark needle-point specs give it dimension, promoting the look of real stone. Grey Mist pairs well with any style, especially a wood-forward design.

Give your counters the look of real stone with Pietra Grey. The cool bluish/grey tone works in a variety of spaces while the white accent veining adds a touch of artistic flare. The faint dark speckling helps portray the high-end look of stone but with the ease of quartz.

### SPC FLOORING STONE PLASTIC COMPOSITE

### VINYL PLANK FLOORING

Short for stone plastic composite, SPC is designed to identically replicate traditional flooring materials such as stone, ceramic, or wood, yet provide more practical benefits. SPC flooring is the next generation in vinyl flooring. Unlike wood and laminate floors, they are 100% water resistant, being much more versatile and suitable for all types of spaces.

8 STAIN RESISTANT

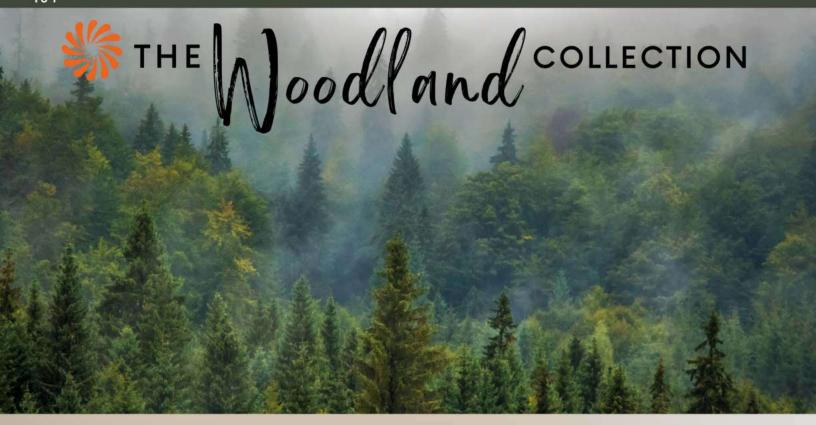

Our Woodland Collection SPC flooring is available in wear layers of 12mil and 20mil. The colors within this collection reflect the beauty of the woodlands, each color emphasizing different tones. With flooring being the largest architectural structure in a space, you want it to not only stand the test of time, but keep up with the ever-changing style trends. Our Woodland Collection offers a variety of light to dark colors with the durability you need to last.

#### FEATURING 2G VALINAGE LOCKING TECHNOLOGY

Välinge's 2G Super Click Locking system is a strong and durable glue-free locking, installed by an angling-angling system. No installation tools are needed, which is a benefit as they can be damaging to floorboards. 2G Click Lock can be combined with fold-down on the short side and also can be used both on long and short sides for angle-angle installation.

20mil

Colhoun's lighter tone will brighten your space and give an open feeling to even the smallest areas. The varying hues provide depth while the overall neutral tone makes it suitable for a variety of spaces and decor styles.

# \$\int\text{Oodland Collection}\$ MONTEVERDE

The dark tones of Monteverde resemble the rich colors of the woods. The dark shade creates a visually appealing contrast, creating a dramatic effect especially in bright, well lit rooms.

Aveline is an excellent option for a variety of spaces as it has just enough color variation to keep it interesting, while still maintaining an overall classic neutral feel.

Whistman has a clean, bright look with its blend of cream and greyish undertones. The natural graining portrays the look of real wood without the difficult upkeep.

Our Coastal Collection SPC flooring was crafted and inspired by the colors of the coast. This collection features six colors, each named after gorgeous Florida beaches. With a variety of natural colors, this collection brings the authentic feel of the coast into your home while withstanding the test of time.

#### UNILIN LOCKING TECHNOLOGY

Uniclic was the first one-piece locking profile to be introduced to the market. Over the years it became the industry's favorite locking technology thanks to its unmatched production efficiency and technical performance.

#### LITEBACK CORE TECHNOLOGY

Liteback technology enables thermoplastic flooring products to be made up to 20% lighter by milling grooves in the core. The material removed in the process is recycled for production of more flooring, thereby reducing material consumption.

Tigertail has a warm, rustic feel. Giving the look of sand at the water's edge, its varying hues and realistic knotting add depth and dimension.

With its driftwood-like appearance, Sanibel brings the beauty of the coast to your space. Styling around this color is a breeze thanks to the combination of warm and cool tones.

Bahia's light tones are bright and beautiful, giving the feeling of endless white sand beaches. This color is versatile and can work into a variety of areas and interior design styles.

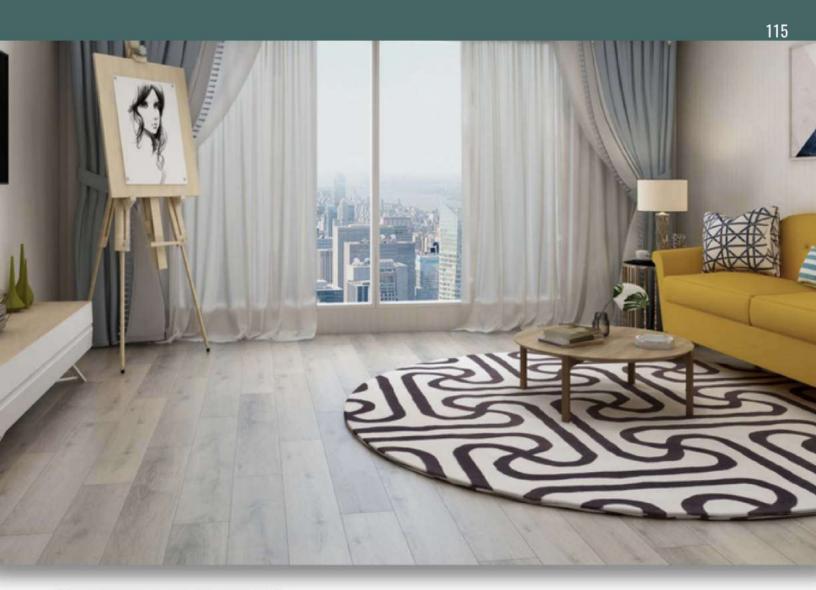

Madeira's grey forward appearance gives a look of naturally aged wood. With a combination of dark and light color variation, it sets a perfect, calming tone for virtually any space.

Desoto's dark ashy grey color provides an elegant neutral tone that's a base for a variety of styles, from contemporary to urban and everything in between.

Captiva is both classy and rustic, with hues of neutral tans and ashy greys. The color variation and knotting give it the natural wood look that is so highly sought after.

# **PORTFOLIO**

We take pride in providing products for projects all over the nation. From hotels, timeshares, apartment complexes, single family neighborhoods, senior living facilities, student housing, town centers and beyond.

We've highlighted a few of our projects in the following pages. For a more immersive version, see the portfolio on our website www.pelicansinks.com
